Sprint #3 Report

Product name: **Shipsterr**

Team name: **Cary Huang - Product owner**

Gia Trinh - Team member

Daniel Alfaro Cortez - Team member

Nikola - Scrum Master

Raeeka Yusuf - Team member

Date: 7/23/2019

1. Actions to stop doing:
The team should focus on the member tasks because we need to finish our project on time. Daily scrum meetings not go over 15 minutes. Team members should report their work in short because we only have 15 minutes, that means 3 minutes each member.

2. Actions to start doing: none

3. Actions to keep doing:
The team need to keep the positive attitude as last week. That was very good and efficiency.

4. Work completed/not completed:
The team had finished all user stories. Basically, we finished our project.

5. Work completion rate:
   - Total number of tasks completed during sprint #3: 4
   - Total number of estimated ideal work hours completed during Sprint #3: 50 hours
   - Total number of days during sprint #3: 5
